

Programme: English

Time	Room E001- Laide Fosse Talks in French	Room E002 - Weron Expeditions	Room E003 - Chawresse Technology	Room E004 - Lesves Workshops
09:30 - 10:10	Film "Les dessous chics de Barjac" Language: French (no sub-titles) Description: The succession of passages and beautifully decorated halls in the Grotte de Barjac captivates from start to finish, earning it a place among the twenty most beautiful caves in France.	Nutrition and caving Language: Dutch Speaker: Lauri Bauduin (laurisfoodadvice@hotmail.com) Description: Advice on nutrition before, during, and after caving.	Cave Diving at VVS Language: Dutch Speaker: Alain Dobbeleare Description: Photo presentation of different cave dives and explorations by members of VVS.	Cave Photography Session 1: How do you start? Language: Dutch Speaker: Erik Claes (rik.claes.ec@gmail.com) Description: As a caver you surely would also like to photograph your most beautiful caves in order to show them to others. Nowadays there are plenty of cameras and other photography material which can be used in caves. This presentation will try and be an aid in your search for the right equipment.
10:20 - 11:00	Caves of the Serra da Bodoquena, Mato Grosso do Sul (BR) Language: English Speaker: Michael Laumanns Description: Results of two international speleological expeditions in 2017 and 2019, including the new deepest direct pitch of Brasil.	Expeditions versus regular caving Language: Dutch Speaker: Rudi Bollaert Omschrijving: Discussion of ‘grand’ caving trips (either exotic or close to home) versus a caving holiday in adjacent countries. What is the difference, what to expect, and how to prepare.	Line protocols in cave diving Language: Dutch Speaker: Alain Dobbeleare Description: Breakdown of the different types, the when, why, and how?	Cave Surveying for Beginners Session 1 Language: Dutch Speaker: Laurens Smets (laurens.smets@home.nl) Description: Working with a measuring tape up to a Disto-X in combination with Android devices.
11:10 - 11:50	Nutrition and caving Language: French / English Speaker: Lauri Bauduin (laurisfoodadvice@hotmail.com) Description: Advice on nutrition before, during, and after caving.	Film "We are Petzl" Language: English Description: From the imagination of an inventor in his small workshop 50 years ago, to the innovative solutions they provide today; from a passion that started with caving in the 1930’s, to a global company; discover Petzl through the eyes of Paul Petzl.	Cave surveying using a laser scanner Language: Dutch Speaker: Guy Van Rentergem Description: Explanation of the usage of LIDAR in caves followed by a demonstration.	Cave Photography Session 2: Photography in the international caving community Language: Dutch Speaker: Erik Claes (rik.claes.ec@gmail.com) Description: What possibilities are there to advance yourself as a cave photographer? What can you do with your photographic material?
12:00 - 12:40	Photography in aquatic underground environments: my recipe Language: French / English Speaker: Laurent Miroult (laurent6120@gmail.com) Description: Material, parameters, and planning.	Exploration in Goffontaine Language: Dutch Speaker: Tom van Rooy Omschrijving: T&T Explo is a small and little known exploration group which, in search for the underground Vesder, has made some nice discoveries since 2014. This is the first time they will present their findings before a larger audience.	Grottocenter Language: Dutch Speaker: Christopher Peeters Description: Presentation of Grottocenter, the online database for cave information.	Cave Surveying for Beginners Session 2 Language: Dutch Speaker: Laurens Smets (laurens.smets@home.nl) Description: Working with Compass software under Windows and the vectorisation of survey data.
